Course overview

- This course is no *amuse bouche*, as the photo galleries above show (click on camera symbols below each peak), with photos of our clients summiting the three Alpine giants of Mont Blanc, Matterhorn and the Eiger. This fortnight course enables you to ascend this mighty trilogy with qualified IFMGA guides.
- Each year we get many clients wanting to climb all three of these classic Alpine giants in one trip. We offer this as a space on a scheduled Mont Blanc trip on the first week, so you are trained and acclimatised, then on the second week you climb 1:1 to attempt both the Matterhorn and Eiger.
- The easiest of the trilogy is Mont Blanc in terms of technical difficulty. The Eiger and Matterhorn as very similar in grades to each other, but are at lower altitudes though the exposure is higher
- To book on this Alpine Trilogy course you should have the pre-requisite experience to book on any of the courses independently. Just to clarify, it is not good enough to book to hope that you gain enough skills on Mont Blanc to attempt the other peaks, as with the best will in the world, you won't as the mountains are so different in terms of types of terrain.
- For the Matterhorn or Eiger we advertise your experience as that you should be very fit, have good footwork on steep ground, be good with exposure and have good ropework skills (previous skills: Alpine PD / Grade II Ice / UK Severe / US 5.9). Please ensure that you meet all of these requirements. If you are in absolutely any doubt, then please get in touch with one of our course advisors.
- To be honest, this course will not appeal to many people in terms of the number out there who have sufficient fitness, skills, and determination! If you are up for a challenge, then they don't come much bigger than this.
- Already climbed Mont Blanc, but fancy this course? Don't worry, we can substitute the first week, with a space on another course. For example you could do the Monte Rosa course instead, and the price of this course would change the difference in prices for the first week of this course. A popular alternative to the first week is to substitute Mont Blanc for Dufoursitze ([link](#)) which adds £200 to the Trilogy course price.

Sample itinerary

Please note that whilst the itinerary below is an ideal, the weather and conditions, as well as your skills, fitness, experience and acclimatisation all play a part too. In our decade of experience, we have found that hardly two weeks ever run the same, and even on a particular week sometimes different summit groups go on different days from different huts. Whilst the itinerary notes outline this, it is imperative that you understand how flexible this course must be. You are dealing with the high mountains and extreme altitude, not a prescribed coach tour!

- **Sunday** - Travel to Chamonix to arrive for the 17:00 check-in followed by and course safety and itinerary briefings. There is time for kit checks or rental of equipment. Briefings are over by 19:00 and the team accompany the group to pre-dinner drinks. Many clients opt to travel out a day or two early to do an acclimatisation weekend course to provide an extra night of accommodation, and to ascend a 3000m peak. Night in Chamonix.
- **Monday** - Day to learn and practice using crampons and ice axes on the Mer de Glace glacier (2000m). You also climb vertical ice, create ice anchors, and learn glacier travel skills. This is one of your most important days of the course in terms of skills development as it is essential to have good footwork on Mont Blanc. Guiding ratio 1:6 (max). Evening theory session / meeting with course hosts: [click for info](#). Night in Chamonix..
- **Tuesday** - Acclimatisation route to a summit. Continue to a mountain hut for the night or return to Chamonix. The aim is to develop your skills at altitude. The choice of the 1 or 2 day routes is made in reaction to which day you attempt Mont Blanc, as we can alter the itinerary to maximise your chances. Guiding ratio 1:2 (max). Evening theory session / meeting with course hosts: [click for info](#). Night in Chamonix or hut.
- **Wednesday** - Acclimatisation route to a summit. Either an Alpine start from the mountain hut or a second acclimatisation route. Typical routes for the last two days include Cosmiques Arete, Gran Paradiso, Petite Verte, Pointe Lachenal or Aiguille du Tour. Return to Chamonix to prepare for Mont Blanc. Guiding ratio 1:2 (max). Evening theory session / meeting with course hosts: [click for info](#). Night in Chamonix.
- **Thursday** - Equipment and bag checks before you set off to climb up to one of the high huts, either the Cosmiques / Gonella / Gouter / Tête Rousse hut for the night. Guiding ratio 1:2 (max). The choice

of route that you take on Mont Blanc, and which hut(s) you stay in is a function of the weather, conditions, and your skills and fitness. Often different teams suit different plans to maximise their summit chances. Night in hut on Mont Blanc.

- **Friday** - Summit Mont Blanc 4810m from an Alpine start from the high hut, and descend to Chamonix. It is usual to reach the summit just after sunrise, to take advantage of the best snow conditions, and to minimise the risks of stonefall or late afternoon storms. Reach valley afternoon, celebrations in the evening. Guiding ratio 1:2 (max). In the evening there are optional drinks and a celebratory meal. Final night in Chamonix.
- **Saturday and Sunday** – Breakfast, then you have two days off to really concentrate on resting and relaxation. Some people opt to book a tandem paraglider flight in the morning to celebrate the first weeks efforts, and prices for this are from c.100€ for a c.30 minute flight. These flights can be booked in resort up to the day before you wish to fly. On the Sunday evening you meet at 17:00 for a briefing on the plans for the second week.
- **Monday** - Today is fairly straightforward, as you drive over to Tasch. Here you park and take the train to car free Zermatt, then ascend the cable cars to Schwartzsee. From here it is a two to three hour hike up to the Hornli hut. There are no technical difficulties on the approach, but you get stunning views up the arête that you will be on the next day. Guiding ratio 1:1 (max). Night in the Hornli mountain hut on the Matterhorn.
- **Tuesday** - A very early start to ascend the Matterhorn. Usually you are climbing by 04:00am, and it should take four hours to reach the summit. On this peak the timings are very important to reduce the risks of being blocked by slow groups and to reduce the risk of rockfall. From the summit, you descend the same route to reach the hut and then return to Chamonix in the late afternoon. Guiding ratio 1:1 (max). Night in Chamonix
- **Wednesday** - Today is a buffer day to allow for flexibility for weather windows. If the weather is good, today would typically be an easier day such as some rock climbing in Chamonix, to give you time to recover from the Matterhorn, and to dry out and prepare kit for the Eiger attempt. Some people take the whole day off, whilst others find the rock climbing a great way to stretch and relax again. Guiding ratio flexible. Night in Chamonix.
- **Thursday** - Today you drive over to Grindelwald, and catch the train up the Eiger. The route usually ascended is the Mittellegi ridge, in which case you exit the train at the Eismeer station, then climb to the hut. An alternative is to take the train to Jungfrauoch and to stay in the Monchsloch hut, if

opting to ascend by the SW ridge. The Mittillegi hut is spectacularly situated actually on the ridge.

Guiding ratio 1:1 (max). Night in hut on the Eiger.

- **Friday** - Alpine start for the ascent of the Mittellegi ridge of the Eiger. After you reach the summit, you then descend the normal route to Monchsloch, then traverse the glacier to Jungfraujoch to catch the Eiger train which descends to Grindelwald, from where you return to Chamonix. Guiding ratio 1:1 (max). Evening instruction session, then a celebratory meal, with the final night spent in Chamonix.
- **Saturday** - Breakfast then the accommodation check out is by 10:00. Most arrange their transfers for around this time for a flight from Geneva about midday. Some people opt to book a tandem paraglider flight in the morning to celebrate the weeks efforts, and prices for this are from 100€ for a c.30 minute flight. These flights can be booked in resort up to the day before you wish to fly. Depart for home.

ITINERARY NOTES: Where possible we follow itineraries. Mountain adventures are weather and conditions dependant, so occasionally we are forced to alter the plans. If this is the case, suitable alternatives are offered. Please use this itinerary as a guide to the types of route / activity you attempt.

Climbing skill

These are outlined on this page; <http://www.icicle-mountaineering.ltd.uk/courses.html>, and this course is;

Course level: **Improver**
Mountaineering: **Climbs around AD grade.**
Ice & Rock: **Grades around III ice, and VS rock**
Fitness: **Very good to high fitness and stamina.**

Fitness & stamina

The ideal fitness levels are detailed at; <http://www.icicle-mountaineering.ltd.uk/trainingpreparation.html>, and there are links to general training advice and planners that you can adapt to suit and follow.

This trip is graded: **Level 4** - As an absolute minimum you should be capable of running a half marathon in a good time (under 1hr 45mins), but realistically you should be looking at marathon fitness for all courses of this fitness and stamina level to ensure your endurance is up to standard.

How to book

- All bookings are made securely online, and deposit of £250 is payable (with secure payments handled via WorldPay). Ensure that when completing the form, you fill in all the required fields, in order for the 'SUBMIT' button to appear.
- All payments are protected by our Tour Operator travel bonding with ATOL and TTA, and your monies are held in trust until after you have travelled home. You are fully financially protected, in accordance with UK and EU laws.
- Website link: <http://www.icicle-mountaineering.ltd.uk/booking.html>

Before your trip

- As soon as you book online, you are sent confirmation of this, and attachments including joining instructions, course specific kit lists, and a separate WorldPay receipt. If you haven't received these two e-mails within half an hour of booking online, check your junk / spam folder.
- At the office, we manually check all bookings, and you'll also receive a personalised e-mail from us formally confirming your course space. Once you have this office confirmation, it's fine to go ahead and book your travel arrangements, and to arrange your activities insurance.
- Activities insurance is a requirement for all trip participants. Organise it as soon as you are booked, and ensure that it covers you for cancellation or curtailment, in case you injure yourself or get ill before your trip. This ensures you'd be fully reimbursed for the trip, and all travel costs.
- Website link: <http://www.icicle-mountaineering.ltd.uk/insurance.html>

Travel to the Alps

- The closest international airport to Chamonix, is Geneva (airport code GVA). There are many direct flights from the UK every day, and it's well served by the budget airlines e.g. EasyJet.
- Geneva is a small but busy airport, and it's only a very short walk from baggage reclaim into the arrivals area, where all the airport transfer companies meet. In the Course Information Booklet is a code for preferential rates from our reliable transfer partner Mountain Dropoffs.
- Chamonix is also very easy to travel to by rail, from the UK to Paris via Eurostar, then from Paris Gare du Lyon (or Austerlitz) to Saint Gervais by high speed TGV, then the local train up the valley to the Chamonix Aiguille du Midi (or Chamonix central) stop.

- Driving can work out cheaper, if you're with others, and there's free parking close to the accommodation, on a first come first served basis. Generally a couple of laps, and a space will be freed up for you. See the Course Information Booklet map for the locations of this free parking.
- Website link: <http://www.icicle-mountaineering.ltd.uk/travel.html>

Meeting point

- Once you've booked, you'll receive the Course Information Booklet, which details the meeting point for Chamonix course clients.
- If you want an address for your airport transfer, provide the Aiguille du Midi cable car, on Rue Lyret, 74400 Chamonix. The accommodation is situated in a pedestrianized area, so you cannot be dropped off at the door, and the cable car station, or Chamonix Sud bus station are the closest access points. If arriving on EasyBus, Ouibus, or Flixbus, these all arrive at the bus station.

Course accommodation

- Most course clients stay in Chamonix in en-suite rooms, in a purpose built ski village in Chamonix Sud. These have a small kitchenette, for those wishing to self-cater.
- Check in time is from 16:00 (4pm) on the Sunday, and the meeting point to be shown into your accommodation is detailed in your Course Information Booklet, that is sent upon booking.
- The flats are normally twin rooms for two people sharing. If you are travelling as a couple (or named friends), you will share. If travelling on your own, you will be matched with another course client of the same sex.
- This accommodation is small and basic, to provide you low cost accommodation in Chamonix, but it is functional and really well located. If you wish to upgrade to higher quality accommodation, there is a £100 discount available for sourcing your own accommodation, which is applied to your invoice.
- Website link: <http://www.icicle-mountaineering.ltd.uk/chamflat.html>

Course briefing

- The course briefing for this trip is at 17:00 on the Sunday evening. The Course Information Booklet will confirm the exact location for this briefing. When you attend the briefing, take your passport and activities insurance details, for these to be noted.
- The briefing takes about 45 minutes, and it aims to answer all your queries about the course.

- Attendance at the course briefing is obligatory, and you are asked to sign a copy of the Terms & Conditions. These are the same as those you accepted online when you booked, but it's for us to have a signed paper copy on record.

Equipment checks

- Take any equipment to the briefing that you would like one of our guiding team to advise you about. For some people that may be very little, whilst others want to double-check a few bits of kit. It's always a good idea to take your boots and crampons, so we can check the fit for you.
- If you've your own safety equipment, it's worth having one of the team check this over for you.
- Note that if you require any hire equipment, or any kit that is loaned on a course, you need to attend the course briefing, as it's straight after this that is when it is allocated.
- Website link; <http://www.icicle-mountaineering.ltd.uk/hire.html>

Late arrivals

- If they are pre-booked days ahead, we can accommodate late arrivals. We will organise for you to be able to check into your course accommodation at any time that you arrive. We do however ask you to assess how necessary a late arrival is, and for you to consider the disruption to your flatmate.
- You will require a separate Course Briefing, which involves an early start for our team, to fit this in before your guiding. It's not an ideal start to schedule a late arrival, followed by an early start, and sets you on the back foot. If an early Course Briefing is required, this is billed at £20 for time involved.

Cable cars

- For the days you are climbing in Chamonix, the most cost effective cable car pass is called the Mont Blanc multi-pass. For this course you require a 3 day pass, from Monday to Wednesday (plus extra days if you arrive earlier). The 3 day pass costs 89.50€ (*2020 prices).
- Website link: <https://www.montblancnaturalresort.com/en/montblanc-multipass>

Breakfasts

- When you are in town and accommodation is included on a B&B basis, a starter pack of continental breakfast supplies is provided; fruit juice, milk, cornflakes, muesli, marg, jam, biscuit toasts. Tea and coffee is also provided. In a mountain hut, you get a similar type of light breakfast.

- As the room is self-catering, it's yours for the week, so no need to check out when you are away in mountain huts. Should you use up any items from your breakfast or room supplies, there's a supermarket located just across the pedestrian square from the course accommodation.
- Website link: <http://www.icicle-mountaineering.ltd.uk/chamflat.html>

Lunches & drinks

- Everyone has their own idea of what they would like for lunch whilst in the mountains, varying from a stack of Mars bars to a large ham sandwich. For this reason we let you choose your own lunches, which may be easily purchased locally from shops and supermarkets.
- You will be advised in the briefings as to how many days lunches you should plan ahead and purchase. There is never time to cook hot lunches while on a course, but you could take a thermos.
- Website link: <http://www.icicle-mountaineering.ltd.uk/chamflat.html>

Evening meals

- In town clients normally take advantage of the excellent variety of local restaurants, and also the town's bars to celebrate week's achievements. We are also happy to book places in restaurants for you, should you wish an evening on your own.
- Some clients want an early night or to budget, so opt to cook for themselves in the self-catering flats. In guarded huts, the cooked evening meal is normally three courses.
- Website link: <http://www.icicle-mountaineering.ltd.uk/chamonix.html>

Mountain huts

- Mountain Huts are run by a 'Guardian' who cooks, cleans and is on hand for your assistance. On most courses, the itineraries detail a specific number of nights in mountain huts.
- Clients share rooms, which often are on tiered bunks. Each person is allocated a mattress with its own pillow and blankets, but you should take a sleeping bag liner for comfort.
- There are normally storage / drying rooms. Meals are on a half board basis, with a basic continental breakfast and a three course cooked evening meal. Any extras you order, such as bottled water, beer or wine, packed lunch, or chocolate, must be paid for by you.
